

«Dinosaurs»

Across:

- 1** A heavily armored dinosaur with a large club on its tail for defense.
- 3** A flying reptile with large wings, not actually a dinosaur but lived during the same time.
- 7** A planteating dinosaur known for its thumb spikes used for defense.
- 9** A huge planteater with a long neck that helped it reach tall trees.

Down:

- 2** A large carnivorous dinosaur with sharp teeth, similar to, but smaller than TRex.
- 4** A planteating dinosaur with three horns on its face and a large frill.
- 5** A small, fastmoving meateater known for its sharp claws.
- 6** A giant meateating dinosaur with tiny arms and a big head.
- 8** Known for the big, bony plates on its back and the spikes on its tail.
